

**XAVIER
UNIVERSITY**

Xavier University Bhubaneswar seeks applications for faculty positions for the School of Computer Science & Engineering

Distinguished by its philosophy of “Inspiring Futures,” Xavier University Bhubaneswar (XUB) (<https://xub.edu.in/>) grew out of one of India’s top-ranked business schools, XIMB (Xavier School of Management).

The Xavier School of Computer Science & Engineering (XCSE) is a unique school that leverages the high-quality programs of Xavier University and emphasizes sound computer science fundamentals, coding, research, innovation, multidisciplinary, and entrepreneurship. XCSE has conducted and performed exceptionally well in Hackathons. XCSE currently offers B.Tech in Computer Science & Engineering and M.Tech in Data Science & Analytics, and Ph.D. in Computer Science and Engineering, and it plans to provide some innovative hybrid courses.

XCSE is looking for applicants in all areas of Computer Science and Engineering, with particular emphasis on areas such as AI, Machine Learning, Data Mining, Robotics, and IoT-systems. Applicants are expected to have a Ph.D., by the time of joining, in Computer Science or Engineering or a related field such as VLSI, Communication Engineering, and Computational Biology/Statistics. Candidates are required to have publications in international conferences and journals of repute. Candidates with experience in coding competitions, setting up labs & courses, research innovations, or startups/entrepreneurship, will be preferred. Candidates at all levels (Assistant Professor/Associate Professor/Professor) will be considered.

Faculty are expected to incorporate innovative educational practices in graduate and undergraduate teaching, advance School’s mission, perform research, publish in the best venues of their field, develop graduate and undergraduate level courses, advise and mentor students, and collaborate with scholars/faculty of the University on inter- and intra-disciplinary research, innovation, and entrepreneurship.

Interested candidates are welcome to apply.

How to apply: To apply, please visit <https://xcomp.edu.in> for more details and fill the form: [Faculty Application Form](#). The search will remain open until fulfilled.
