## Incoming International Students

“Days after days, I found myself progressively immersed in grasping every little piece of knowledge and wisdom. The time spent at Xavier University allowed me to acquire new perspectives and knowledge.”

- *Isaac, Italy*

“I have never felt so close to home staying so far away from there. The time was, enough to know we can encounter in others, in the kitchen people, in the gardeners, in the security guards, in the ladies whose keep clean and up the hostels, in the teachers and every single person that give life to the University.”

- *Elena, Mexico*

## Incoming International Students

“Definitely, the Certificate Program on Compassion and Social Communication was a life changing experience. The cultural encounter and the possibility of living in the Xavier University Campus together with my fellows from different parts of the world and with local students was absolutely amazing!”

- *Solange, Argentina*

“To be a foreign student here is one for the books! Life on campus provides a sense of community, a friendly environment, and a touch of diversely rich culture, a kaleidoscopic sights and sounds of India. Thanks to the International Relations Committee for keeping us company!”

- *Perry, Philippines*

## Incoming International Student

# SGH

## Students of XIM University, Bhubaneswar 2017-19 Batch went to SGH Warsaw, Poland on a Student Exchange Program

## Students of 2018-20 Batch visited SGH Warsaw, Poland to attend SGH's coveted Summer School Program

## Sonali Gupta attended Kedge Business School for Summer 2019

“My intention to decide on to go for the summer exchange program was to learn in an international arena and make my CV stand out from that of my fellow classmates and I consider myself privileged enough to be the first student to avail it from the School of Sustainability. I chose to go to Kedge Business School at Bordeaux which helped me to make a career out of it. I got hired by a Start-up called AirProbe who wants to expand their business in the European market and it’s only because of the kind of exposure I had, the company is bestowing trust in me.

The high-spirited students and the commendable teachers and staff of Kedge Business School’s summer exchange program helped me in understanding and interacting with people hailing from different cultures, visiting places and learning supply chain management and design of ships and freight in an international perspective and how it affects the geo-politics.

I am grateful to the team IRC team at our university for arranging such exposure and providing me a chance to experience the same.”

## Student Exchange Program

### University of Antwerp

Purva Gupta | MBA BM 2021-23 | September 2022- December 2022

- **My student exchange experience at the University of Antwerp was truly life-changing! Not only did I learn so much academically, but I also made amazing connections with people from all over the world. I'm so grateful for this**
- The University of Antwerp's student exchange program is one of the most comprehensive university-level exchange programs available. I had the pleasure of participating in the program during the fall semester of 2022 and it was an unforgettable experience. The university provided me with plenty of resources and support, allowing me to make the most of my time abroad. I was able to experience a new culture and make connections with people from all over the world. The University of Antwerp helped me make my time abroad meaningful and gave me the opportunity to further my education in a unique way. I highly recommend the student exchange program from the University of Antwerp. It is a great way to gain valuable knowledge and experience that can be applied in both academic and professional settings.

My experience in SGH Warsaw School of Economics felt like a once-in-a-lifetime opportunity that introduced me to new experiences, cultures, people and even helped me expand my thinking horizon to understand the differences between different cultures and adapt to them.

I would like to thank XIMB & IRC for giving me such a great memories which I will always cherish.

I firmly believe that the learnings I achieved will help me in my Job and overall in life.

## Tanay Ranjan, XIM University, School of Commerce ,BBM (2020 – 23)

- Successfully Completed Magis Exchange Program at Loyola University, New Orleans as a part of the 2<sup>nd</sup> Cohort of the Magis Exchange Program.
- Tanay studied abroad for 6 months during the Spring Semester, 2022 and also gained the Global Classroom Experience in The Global Environment Citizenship Course offered by Loyola Chicago

*“I felt that the most impactful component of the Magis exchange was the study abroad experience. living thousands of miles away from my friends and family taught me how to be responsible and prudent. Seeing the world also made me look at my own culture in a global perspective. It made me realize how important it is to be aware of one’s own culture and learn the best practices from other cultures. After my exchange experience, I started seeing the world in a new perspective. I feel very confident in my abilities as a student, and I believe that I can make a change in this world. This is what it means to be a global citizen”*

Prof. Snigdha Pattnaik, faculty of School of Human Resource Management, was invited by Universidad Loyola Andalucía in Seville (Spain) to give a seminar on Diversity Management from 4<sup>th</sup> March 2019 to 8<sup>th</sup> March 2019.

## International Faculty Testimonials

“Since 2016, I’ve led a study abroad course from the USA to India by bringing each year about 12-18 students from San Diego State University (SDSU) to XIM University. School of Sustainability, under the Xavier University umbrella, is a great institution to collaborate and partner with for implementing such programs in India. Sustainability faculty have nationwide connections with other national, regional, and local institutions across India. The attitude at school of sustainability is to get things done and to do them well! But more importantly, is to stand by their commitment. I’ve been very impressed by the professionalism, hospitality, and friendliness of the Xavier University faculty, staff, and the students that we always feel at home the minute we are at XIM University.

Through this program, students from both institutions benefit from valuable cross-cultural interactions both on and off campus. Each year, I look forward to coming to India and bring a new batch of US students who are ready to immerse into Indian culture and bring back fond memories and experiences that will shape how my students will view the world as they enter their professional career.”

*Zohir Chowdhury, Ph.D., Associate Professor in Environmental Health  
School of Public Health, San Diego State University, CA, USA*

“I have had the pleasure three years in a row to be invited to teach a course on International HR management to the MBA students . Quite an experience to spend two weeks at the campus. mostly get in touch with a very motivated group of students who were eager to learn but also to contribute with their own personal and professional backgrounds . That helped quite a lot and allowed for fruitful discussions during class and also during the breaks.”

*Prof. José Maria, Institut Magellan, Paris, France*

## Collaborative Online International Learning (COIL) with the international Partner San Diego State University, CA (SDSU): August-October, 2021

The session had students from the School of Public Health, SDSU and the School of Sustainability, XIM University.

Prof. Zohir Chowdhury from SDSU and Prof. Elizabeth Abba from XIM University enlightened the students on how such collaborative learning would be helpful.

The Joint class worked on Sustainable development goal 13, target and indicators and also enhancing SDG 17 International Partnership. The final presentation was scheduled for 5<sup>th</sup> October ,2021.

The Projects given to the students have been aligned to their current study paths, thus helping students both from San Diego State University (SDSU) and XIM University to know about the climate change impacts in India and the USA

**TESTIMONIALS**

<p><b>Amanda Leon</b></p> <p>COIL sessions are a great way to connect students from different countries. We worked well together via Zoom and put together an amazing project.</p>	<p><b>Thomas Morales</b></p> <p>The opportunity to participate in the COIL sessions was a great way to learn about SDG goals from different perspectives. We collaborated well in order to produce an infographic explaining SDG 13.2. This was a great experience.</p>	<p><b>Claudine Manabat</b></p> <p>Having COIL sessions were fun and enlightening. COIL is my first collaboration with an international university. It's cool to see any difference and similarities when we all work together.</p>	<p><b>Munshi Nadim Ahmed</b></p> <p>This international experience has helped me to broaden my perspective regarding Global policies and the environment. Collaborating with our USA counterpart deepens our knowledge about environmental policy forming. We critically interpreted SDG 13.2 and other agreements and treaties between India and the USA. If the collaboration between India and the USA continues to flourish then they can lead the world towards peace, harmony, and sustainable development.</p>
<p><b>Pragati Pani</b></p> <p>Thank you so much for this wonderful opportunity. The Collaborative Online International Learning programme with San Diego State University was fantastic. COIL marked my first engagement with an international university and international students. The event provided us with a tremendous opportunity to learn, exchange ideas, share opinions, understand team work and comprehend SDG 13.2 for both the United States and India. We were able to learn about the culture and work in a diverse environment as a result of the collaboration.</p>	<p><b>Rohith Varma</b></p> <p>The Collaborative International Class with San Diego State University gave us a different perspective of the existing goals and also widened our view on Climate Change and its approach. It's a great experience overall!</p>	<p><b>Olivia Paul</b></p> <p>Attending the COIL sessions were really beneficial and enlightening. The topics were carefully chosen which aligned with our curriculum very well and we learnt a lot of new things about climate change. It gave us useful insights on aspects of SDGs. All in all, it turned out to be a really great experience with learning's which will surely help us in our future ventures. This initiative provided us with an opportunity to interact with students from different cultural backgrounds sharing similar interests for Sustainable goals and development.</p>	<p><b>Priya Rachchh</b></p> <p>COIL was a great learning opportunity to get insights On SDG 13.2 from 2 different perspectives. It also provided a platform to learn and share ideas , knowledge and thoughts for the given theme . Integrated and collaborative approach helped us to develop a better understanding about the issues. It was an interesting and insightful learning experience.</p>
